taken it was declared unanimous. Many representatives of the other trades

Action May Be Taken Soon.

The carpenters' action bears significantly upon the impending strike, which was voted for Saturday morning by the international officers, and, as a result, it is probable that action will be taken in the near future. The carpenters are one of the strongest crafts in the building trades, numerically, and they will be the Columbia Commandery Holds Its most affected. None of the Brotherhood carpenters have yet gone out on strike on the several buildings tied up by the Building Trades Mechanics' Council six weeks Consequently these will be the first
